*Spotlighting innovations in*  
**URBAN SUSTAINABILITY &  
CONNECTED TECHNOLOGY**

This year's Meeting of the Minds Annual Summit in California's capital will unveil tools and best practices working for city leaders across the globe. Our sessions will feature solutions that are scalable, replicable and transferable from city-to-city and sector-to-sector. All of our discussions are couched in a deep understanding of technology and equity as key drivers for innovative cities.

**ATTENDEE SECTOR BREAKDOWN**

If you are a leader who is seeking cross-sectoral and partnership-focused strategies that deliver scalable solutions on the ground in urban neighborhoods, then join 450 other VIPs from 15+ countries at the Meeting of the Minds 2018 Annual Summit.
