

Breaking down silos through design

Prepared for Meeting of the Minds

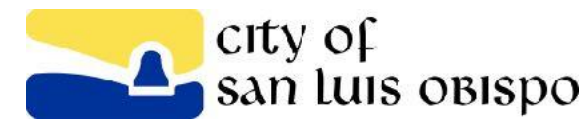

ABOUT

Our vision is to empower cities to manage all aspects of transportation and create equitable, safe, and accessible outcomes.

ABOUT

We help cities plan and manage their transportation future

- Trusted by 4,000 planners on 4 continents
- Built on the best practices of 325+ agencies
- Rapid innovation on a modern, cloud-based platform

Remix

Silos are an issue in most environments

The most important thing we are doing here is collapsing the silos

Eash Sundaram

EVP of Innovation,
Jet Blue

Silos build the wall in people's minds and tie the knots in their hearts.

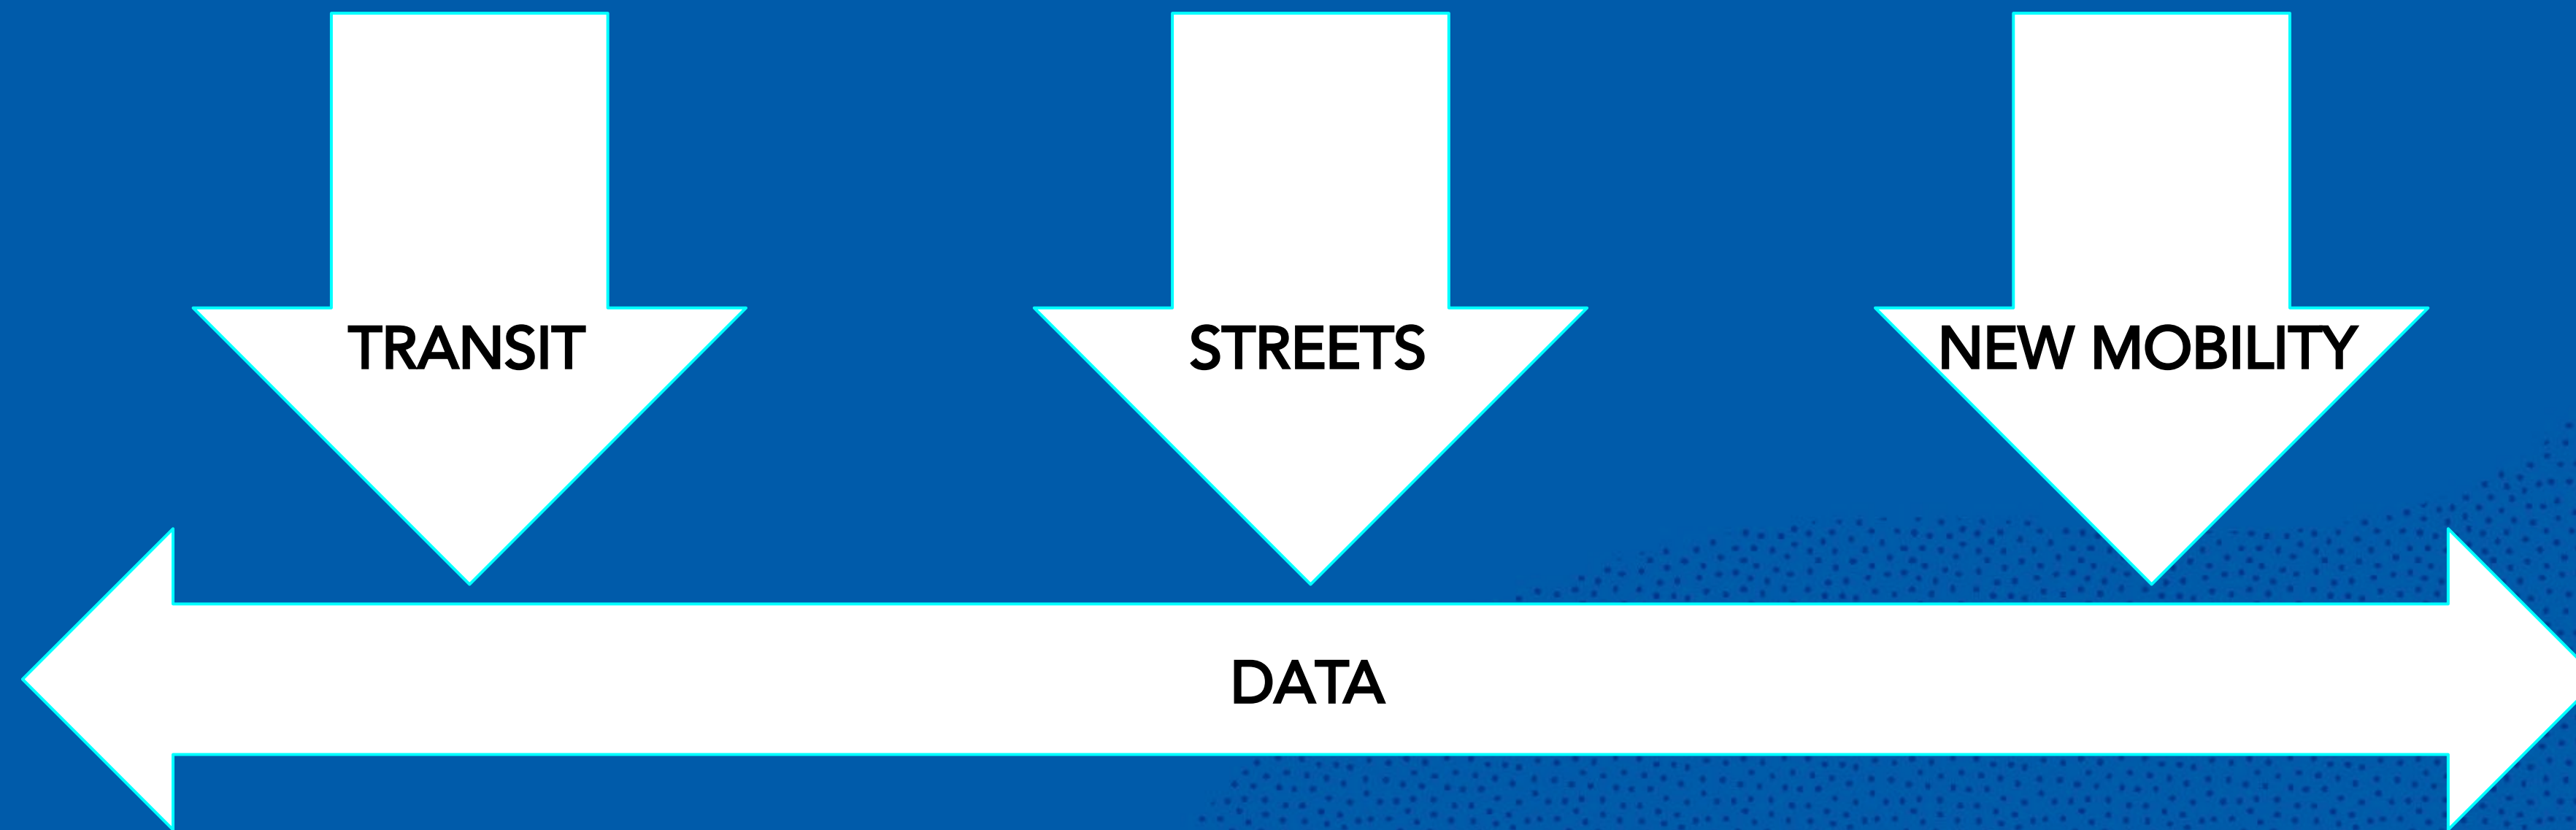

Pear Zhu

Author, IT Innovation

Remix

**Cities need software that
operates across functions.**

Democratized access is gamechanging.

Remix

Democratized data access in action!

Thank you
